
YM71 Plastics Drying and Modeling Machine (Vertical type fiberglass cloth)

Application: This machine coat PTFE on glass fabrics cloth, then through drying and modeling, complete the processing procedure of PTFE transmitting network.

YM71 Plastics Drying and Modeling Machine (Vertical type fiberglass cloth)

YM71型浸塑烘干定型机（立式玻纤布）

用途：玻璃纤维布涂上特氟龙（PTFE）乳液经过高温定型烘干，完成特氟龙输送网带加工的工艺过程。

Application: This machine coat PTFE on glass fabrics cloth, then through drying and modeling, complete the processing procedure of PTFE transmitting network.
